

Sponsor a Classroom

Sponsoring a classroom with e-readers creates lifelong readers among children and their families.

Here's why you should do it:

On average, it costs **\$10,000 to sponsor a classroom** like the one above with the largest library of culturally relevant material. That's change for a bargain-- it'd cost 7 times that if you tried to go alone!

After the project is implemented (3-6 months), **you'll get pics and GPS coordinates of the children** you've impacted so you can share with your family and friends who helped you raise that amount.

We know you can do it! And we'll provide tips and tools to help you achieve your goal. And if you raise enough to sponsor two classrooms, you can see the transformation up close by **volunteering for a week** in one of our e-reader schools in Ghana.

Volunteer in Africa, A Once in a Lifetime Opportunity!
